

COLUMBIA UNIVERSITY
IN THE CITY OF NEW YORK

Video Seminar Series

p -adic Modular Forms and p -adic Hodge Theory

Universite Paris 13 and Columbia University

ORGANIZERS: V. PILLONI, E. URBAN AND J. TILOUINE

Noon-2 p.m., Mudd Room 644

October 20

A. Mokrane (Univ. Paris 13)

“Periods of Unit Roots and Overconvergent Igusa Towers, Part I”

October 27

O. Brinon (Univ. Paris 13)

“Periods of Unit Roots and Overconvergent Igusa Towers, Part II”

November 17

V. Pilloni (Columbia)

“Overconvergent Modular Forms and Abelian Surfaces”

November 24

E. Urban (CNRS Jussieu and Columbia)

“Euler Systems and p -adic Modular Forms”

December 1

K. Tignor (Columbia)

December 8

TBA
